

Did you know?

	Did you know that parrots have feelings of hate, love and jealousy?
	Did you know that every parrot needs a natural partner?
	Did you know that in the spring every parrot screams for a partner?
	Did you know that about 3 to 6 years after buying a parrot you would have problems because it wants to breed?
	Did you know that parrots prefer to live in an aviary rather than your living room (even in the winter!)?
	Did you know that only 10 out of 100 parrots learn to talk?
	Did you know that most parrots die of the same conditions as humans? (Too much fat and stress, too little exercise!)
	Did you know that many parrots have to live in too small a space?
	Did you know that a parrot needs a great deal of attention, namely about 8 hours a day?
	Did you know that of all birds the parrots are the most threatened by extinction?
	Did you know that it is not at all difficult to breed parrots and therefore it is not necessary to import them?
	Did you know that a macaw or a cockatoo living in an apartment would cause much annoyance to neighbors?
	Did you know that about 70% of parrots suffer from miner's lung from living in a dry and stuffy room?
	Did you know that many parrots have more than 5 different owners because they live so long, about 50 to 70 years?
	Did you know that allot of the birds given up is because people buy birds "because they are cute"?
